Lesson Say Hello, every one share for 1-2 minutes what they have been doing.	Reading 10:45am - 11:30am	Reading 11:15am - 12:00pm	Recess/Lunch 12:05pm - 12:45pm	ZOOM WITH CLASS
Parents, please join in on the first session . I want to go through some items with you that I feel will be better explained face to face. Thank you.	Recess/Lunch 12:05pm - 12:45pm	Recess/Lunch 12:05pm - 12:45pm	Mathematics 1:20pm - 2:15pm	Gym 10:25am - 11:15am
	Science Unit 3 Plants	Mathematics 1:20pm - 2:15pm	Science	Reading 10:45am - 11:45am
	Lesson Instruction for the week. Lesson 11 Plant Parts using THINK CENTRAL website...	Instruction for the week	Social Studies	Recess/Lunch 12:05pm - 12:45pm
	Student access video: click this icon and watch "What are some plant parts?"	Lesson Chapter 7 From Practice packet sent home. send me pics by email of pages P137-138 and P147-148.	Timelines should be complete	Handwriting continue working at your own pace.
	Student book: Read together p.43-44 and complete activity on page 44. read and complete p. 45 Have children complete p. 46 after you read questions. "Sum	Using THINK CENTRAL website click on the icon of Curious George (Animated Math Models)	Lesson Have children practice telling you about their timelines which we will do during our ZOOM sessions	Science
Calendar activities: Can count to 100, say days of the week, Today is Monday, Math problem: $__ + 2 = 12$		Have your child complete Skill 20 Model, Read, and Write 11-12		Social Studies
Read a story to them.		1. Learn the math= all slides 2. Do the Math =all slides		
Reading 10:30am - 11:30am				
Use the instruction for this week				
Lesson				

Using THINK CENTRAL website <http://www-k6.thinkcentral.com/ePC/index.do>

Read: "Mr. Blueberry" *click on Teacher read aloud tab then click Mr.*

Blueberry

Write: write a letter to Mr. Blueberry in proper letter form. **Send a pic of this letter.** Also, have your child draw a photo of themselves and the whale.

Read

independently: use reading book sent home and online Leveled readers (Square= hardest level, Triangle= on level, circle=easy, diamond= ELL(english language learners))

READ Big

Book: Lesson 16 What is Science? Read together and talk about the types of Sciences. Then have your child draw and write about their favorite Science. Examples are

It Up" *Send me a pic of pg. 46.*

***NOTE:**

Electronic

student book

icon you can click and the page can read to the children by clicking the speaker button on each page.

Draw and label Parts of a Plant. Use slide 4 of 6 from the video in Student access at TC to help with this.

Science leveled

Readers: click this icon and read Books on plants; "All about Plants"

Social Studies

3. Independent Practice= all slides
4. Quiz 3 questions then click send

What is really nice about these models is the directions are read aloud to the student and it is good computer skills with the mouse. The children will have fun completing these skills.

Social Studies

Technology In the Classroom

biology (living things) Astronomy (planets, outer space), Earth Science (rocks, weather).

Reader's

Notebook: click on this icon and write out answers or print page from p. 82 and on. This is for you to help your child better understand writing and language. Complete these pages at your pace. I don't need to see all of these pages complete. You can send me the ones where they complete with a sight word.

Alphafriends

Cards: click this icon and allow your child to review the letter sounds which we practice everyday. Find time everyday to do a few of these letters. Your child might like to draw their favorite letter person.

iRead video: click this icon for review on seeing and hearing all the

letters Upper and
Lower.
